PRE-INSULATED ADVANTAGES

FASTER INSTALLS

The long coils of Uponor pre-insulated PEX pipe speed installations to eliminate unnecessary connections with each change in direction and also remove the labor-intensive added step of insulation after pipe installations.

MEETS ENERGY CODES

Uponor pre-insulated PEX pipe meets ASHRAE 90.1-2016 energy-code requirements and helps support LEED® and National Green Building Standard™ practices so you can feel confident the piping system you're installing is designed to meet the demands of the application.

CERTIFIED FOR STRENGTH

Uponor PEX-a pipe garnered the Water Quality Association (WQA) Gold Seal certification for resilience in freezing conditions, ensuring protection when it's needed most.

SERVICE AND SUPPORT

Backed by a 25-year transferable limited warranty and supported by a trained staff of field technicians and a nationwide distribution network, Uponor is the reliable, dependable partner you can count on.
